SERVICE CLASSIFICATION  
Natural Gas Vehicle Fueling Service

---

Rate Schedule NGV

---

(N)

Applicability

Applicable to retail fueling stations and private fleet or home fueling stations where the sole use of the gas delivered is for fueling natural gas motor vehicles (“NGVs”) located throughout the entire area served by the Company as set forth on the Index of Communities Served at Sheets Nos. 3, 4, and 5 of this Tariff.

Rules and Regulations

The Company’s schedules pertaining to Rules and Regulations for Natural Gas Service and Local Tax Surcharge that are not inconsistent with or provided for in the provisions of this rate schedule shall also apply to this rate schedule.

Availability

Use of natural gas provided hereunder is limited exclusively for the sale of uncompressed natural gas to separately metered retail NGV fueling stations and private fleet or home fueling stations where the sole use of the gas delivered is for fueling motor vehicles.

Other Provisions

Exclusive Use

The Company agrees to provide uncompressed natural gas to the NGV Customer under this schedule for the exclusive purpose of compressing such gas for use as a fuel for NGVs. Service under this schedule may be separately supplied to a NGV Customer who is also supplied natural gas for non-vehicular uses under one or more other gas rates at the same premises, provided that each supply shall be separate and distinct with respect to delivery, metering and billing, and that no piping connections shall be made between the fuel line systems on the load side of the separate metering installation.

Service under this schedule for any end-use of gas other than vehicular use, including but not limited to use for space heating, water heating, processing or boiler fuel use, is strictly prohibited. Service that is provided for other end-uses through a separate meter at the same location will be billed by the Company under the applicable rate schedule. Violation of this provision may be grounds for termination of service, and may subject the NGV Customer to penalty charges for unauthorized gas usage.

Licenses/Permits

Every NGV Customer must obtain and maintain, at its expense, any necessary certificates, permits, licenses and other governmental approvals necessary to operate a private or public fueling station, and shall agree to be liable for all taxes levied.

Right to Inspect

The Company reserves the right to inspect all equipment and facilities installed at any prospective or current NGV Customer's fueling station at any time to determine whether it is safe, properly functioning, and/or in compliance with all applicable provisions of this tariff. The Company reserves the right to refuse to serve any prospective or current NGV Customer whose fueling equipment or facilities are found by the Company, in its sole discretion, to be unsafe, likely to malfunction, or in violation of this tariff. Acceptance of an application for NGV service shall in no way be construed as certification, verification or other opinion of the safety or operating condition of the NGV Customer's equipment or facilities.

NGV Credit Program

NGV Customers served under this tariff are eligible for a one-time credit of \$1,000.00 ("NGV Credit"). This NGV Credit will be applied to the account as an incentive to help offset the cost of installing appropriate fueling equipment. This NGV Credit will not be transferable to other accounts and must be used within three years of issuance, at which time any remaining NGV Credit will automatically terminate. NGV Customers will receive the NGV Credit only after the Company verifies that all requisite NGV fueling station equipment has been purchased and installed and accepts the NGV Customer's application for service.

The NGV Credit Program will be terminated one year after the effective date as approved by the Commission.

Schedule of Monthly Rates

NGV Customer Charge Per Month

(Retail or fleet fueling-meter size greater than 250 cfh) \$32.00

NGV Customer Charge Per Month

(Home fueling-meter size less than or equal to 250 cfh) \$11.25

Commodity Charge for all Mcf of gas \$10.180 per Mcf (I)

Note: The above commodity rate includes a purchased gas cost of \$5.670 per Mcf.

Other Charges/Credits

Service under this Schedule is subject to the IREP rate (Sheet No. 79), which is embedded in the rates above.

Minimum Monthly Charge

The minimum monthly charge shall be the customer charge.

(I) Indicates an increase in rates

Delayed Payment Penalty

A delayed payment penalty of one percent (1%) on the current usage billings not paid by the latest payment date (20 days after the bill has been rendered) will be added to the bill in accordance with Section 6.7 of the Rules and Regulations herein.

(C)

Termination

The Company may terminate service and remove its property, if any, from any premises:

- (a) Upon five days written notice to the NGV Customer for any one of the following reasons:
  - (1) Nonpayment of an undisputed or unreasonably disputed delinquent account;
  - (2) Failure to post a deposit, provide a guarantee or establish credit;
  - (3) Unreasonable refusal to permit access to meters, service connections, and other equipment or property for the purpose of maintenance, repair or meter reading;
  - (4) Unauthorized interference with or diversion of the use of utility service delivered on or about the affected premises; or
  - (5) Fraud or material misrepresentation of identity for the purpose of obtaining utility service; or
  - (6) Use of natural gas provided under this schedule for non-vehicular purposes.
- (b) Without written notice based on an occurrence or condition that, in the sole discretion of the Company, could endanger the safety of any person, is likely to malfunction, or may prove harmful to the energy delivery system of the Company.

Taxation

Each NGV Customer will reimburse the Company for all taxes payable by the Company to any governmental body on sales of gas and/or for services rendered under this rate schedule.

Local Tax Surcharge

The above rates and customer charge are subject to the local tax surcharge as set forth on Sheet Nos. 40, 41, 42, and 43.

Tax Adjustment Surcharge

The above Local Tax Surcharge shall be adjusted to reflect any change to the West Virginia tax on fuels and the Federal Excise Tax or the effect of any new tax applicable to this service.
