**LOCAL TAX SURCHARGE**

When any municipal corporation or other political subdivision of the State of West Virginia imposes an excise tax, exaction or fee based upon a percentage of the revenues from gas sales by the Company within the territorial limits of the municipal corporation or other political subdivision, such taxes, exactions or fees shall be billed as a "surcharge" to the Customers receiving service within said territorial limits. This "surcharge" shall be computed at the appropriate effective tax rate levied by the municipal corporation or other political subdivision, giving consideration to the additional state gross receipts tax resulting therefrom.

Any increase, decrease, elimination or creation of any such taxes, exactions or fees by any municipal corporation or other political subdivision, shall become effective after the Company has given thirty (30) days' notice to the Public Service Commission of any change in said taxes, by filing a revision of the appropriate tariff sheet(s).

The monthly bills to such Customers referred to above, will include the Local Tax Surcharge.

Customers receiving service in the following municipalities or political subdivisions shall pay a surcharge based on the following effective surcharge rates:
